In discussing this case the Board noted that [] had either turned down or not followed up promptly on two job leads provided by the External Employment Assistance Branch (EEAB). [] stated that when he called on one of these jobs he found that the position had been filled, and he stated that the other job entailed meeting and dealing with people which he was reluctant to do in view of the difficulty he has with the English language. He also stated that his age had been a factor in his not securing other jobs which he had inquired about. The Board indicated to [] the necessity for him to follow-up on a regular basis with EEAB and to actively pursue job leads, and he agreed that he would do this. The Board recommended that [] be granted a further deferment of his retirement until 30 June 1973 based on the compassionate reasons involved and in consideration of the fact that his services can be used to advantage. The Board further recommended that this deferment be approved with the understanding that [] will continue to work with EEAB in seeking outside employment and that if an appropriate job is found, he will accept such employment.

4. The Board next considered a request from the Director of ELINT (D/OEL) that [] be redesignated as a participant in CIARDS based partially on domestic qualifying service. D/OEL stated that [] would retire immediately upon his redesignation as a participant in CIARDS. [] was designated as a participant in March 1970, having completed 12 years of Agency service and 46 months of overseas qualifying service. In April 1971, [] requested that he be removed from CIARDS because he did not feel he could complete the required 60 months of qualifying service prior to his planned retirement date of December 1972. This request was approved by the Board and D/Pers, and [] was removed from the System effective in June 1971.
